## **Working Replica of Noah's Ark opened In SCHAGEN, Netherlands.**

**Man Builds Noah's Ark to the exact scale  
given in the Bible.**

**The massive central door in the side of  
Noah's Ark was opened  
and the first crowd of curious townsfolk  
beheld the wonder.  
This replica of the biblical Ark was built by  
Dutch Creationist Johan  
Huibers as a testament to his faith in the  
literal truth of the Bible.**

**The ark is 150 cubits long, 30 cubits high and 20 cubits wide.  
That's two-thirds the length of a football field and as high as a three-story house.**

**Life-sized models of giraffes, elephants, lions, crocodiles, zebras, bison and other animals greet visitors as they arrive in the main hold.**

**A contractor by trade, Huibers built the ark of cedar and pine. Biblical scholars debate exactly what the wood used by Noah would have been.**

**Huibers did the work mostly with his own hands, using modern tools and with occasional help from his son**

**Roy. Construction began in May 2005. On the uncovered top deck .... not quite ready in time for the opening .... will come a petting zoo, with baby lambs and chickens, and goats, and one camel.**

**Visitors on the first day were stunned. 'It's beyond comprehension', said Mary Louise Starosciak, who happened to be bicycling by with her husband while on vacation when they saw the ark looming over the local landscape.**

**'I knew the story of Noah, but I had no idea the boat would have been so big! ' There is enough space near the keel for a 50-seat film theater where kids can watch a video that tells the story of Noah and his ark. Huibers, a Christian man, said he hopes the project will renew interest in Christianity in the Netherlands, where church going has fallen dramatically in the past 50 years.**

**And now that I am old and grey, o God, do not forsake me, until I declare Thy strength to *this* generation, Thy power to all that are to come. Psalm 71:18**

*(Thank you James!)*

God bless,  
Mary
